

Four illustrations. Your colors.

A coloring sample from our first two books.

A quiet bamboo grove, a bay beneath three moons, gardens inside a snail-shell spiral, and an island in the eye of a storm: four little journeys are waiting for your colors.

Print the illustration pages individually, on one side of the paper. Choose the PDF that matches your paper size and select "Actual size" or 100% in your print settings. If your printer needs wider margins, choose "Fit to page".

These illustrations come from the interiors of *Hidden Paradises* and *Between Leaf and Star*. Each book contains 42 illustrations. The sample introduces the drawing style; your home-printing paper will differ from the paper used in the books.

Try your pencils or pens on a separate sheet first and place a protective sheet underneath as you color. Use the last page for your colors and notes.

You may print and color this PDF for personal use. To recommend it, please share a link to the publisher website. Do not sell the files or offer them on other download websites.
